

Welcome to Wye Point Marina

Welcome to the brand new website for Wye Point Marina, situated on the beautiful shores of Lake Macquarie. We are conveniently located just 90 mins north of the Sydney CBD, and 45 mins south of Newcastle.

The intention of this site is threefold:

- We wish to provide our current clients with readily accessible information pertaining to our marina and their vessels;
- General information on the Marina and the surrounding area of Lake Macquarie for the general public; and
- A gateway to a number of maritime resources.

If you have any information you wish to share, suggestions or useful links please feel free to contact us. Safe boating!
